what we offer

We provide clients with a brief structured intervention, aimed at breaking the cycle of drug using and re-offending. Clients are offered 6-8 structured key-working sessions with a DIP practitioner, during which time we offer the following support:

- 1:1 key-working
- Access to Rapid Prescribing
- Preparatory Crack/Cocaine Intervention Group
- Education, Employment and Training Advice
- Safer Injecting Advice
- Harm Minimisation Advice
- Onward Referrals
- Housing Advice
- Benefit Advice
- Mentoring
- Access to Counselling
- Women's CJIT Practitioner
- Legal Advice

We also work with clients who are remanded in custody or sentenced to a term of imprisonment. We visit clients in prison with the aim of preparing them for their release and motivating them to engage with treatment services upon their release from custody.
