

Street Drinking in Hackney

- Street drinking in Hackney can cause public nuisance and make people feel threatened
- The police and council are taking action to reduce the levels of street drinking across the area and you will be asked to stop drinking and move on if you take part in this activity
- The reverse of this card gives you three options:
 - Drink in a safe place
 - Support and Advice available to you
 - Take up alternative activities if you do not want to drink
- Please consider these options carefully and feel free to discuss them with an Outreach worker at the DART - Phone 020 8986 2960
